18 August 1987

MEMORANDUM FOR THE RECORD

SUBJECT: Status On Legislation Pending Which Changes Social Security Laws Affecting the Agency Retirement Benefits

1. I met with Pat Dilley, Legislation Information staffer for the House Ways and Means Committee, to discuss pending legislation changing social security laws affecting the Agency.

2. The Reconciliation Bill reported out by the House Ways and Means Committee late in July will modify the Social Security Pension Offset and liberalize the Wind Fall Profits provision if they become law. I reported both of these changes to Director, Office of Personnel and wrote up the changes for the OCA Highlights.

3. Dilley reported that changes to the Three Year Recovery Rule were unlikely to occur this year. There are currently about eight bills introduced in both the House and Senate which seek such modifications. The sticking point is Rep. Rostenkowski Chairman of the House Ways and Means. He is adamantly against any changes to the Three Year Recovery law. This opinion was later confirmed by Pierce Myers, Counsel to the Post Office and Civil Service Committee and Steve Williams, minority staffer to the subcommittee on Compensation and Employee Benefits.
